EXPERIENCE

Graphic Designer | Jacksonville

Transportation Authority

JAN 2024 - CURRENT

- ⦿ Create internal and external facing layouts and designs, including digital and print communication, events, signage, reports, promotional materials, vehicles, social media, and the JTA website.
- ⦿ Manage the existing site, make updates, and develop new webpages for new projects, events, and initiatives, complying with ADA standards for universal accessibility.
- ⦿ Prioritize multiple projects and tasks coming from all departments, to deliver materials and deliverables on time for critical deadlines while maintaining brand guidelines.

Operations Specialist | Custom Ink

JAN 2015 - MAR 2023

- ⦿ Developed, improved, and maintained the processes, resources, and overall performance of the Art & Design Teams (~175 people).
- ⦿ Created accessible visuals, images, videos, charts, presentations, and wiki articles to communicate changes and new information.
- ⦿ Managed projects from idea to execution, including a new tool for artists to claim and send along customer design requests.
- ⦿ Successfully transitioned >100 people into a streamlined role for ~25% productivity gain.
- ⦿ Created and supported the management of the company-wide wiki styling, templates, and formatting.
- ⦿ Supported the Data team to develop reports for various teams across the business.

Expert Production Art Lead | Custom Ink

MAR 2014 - JAN 2015

- ⦿ Produced engaging graphics, animations, print materials, and communications for the Expert Production Art team's busy season themes and activities.
- ⦿ Established myself as a go-to for questions, support, and decision making for new and complex processes.
